CLEVELAND, OHIO.
Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and South-western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

EMPIRE
INSURANCE COMPANY,
Union Springs, N. Y.
CAPITAL....................$100,000.
THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, School-houses, Seminaries, Churches, and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Departments." This will render the EMPIRE emphatically a "FARMERS' COMPANY."
They submit for the Judgment of their fellow citizens the following summary of their plan of operations:
1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.
2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of giving his note.
3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.
4. The Second Class to consist of Churches, School-houses, Seminary buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.
5. Not more than $3000 will be taken in one risk.
6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops, and other extra hazardous property will not be taken in this company.
7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus ending all cavil as to the technical correctness of surveys, and the consequent liability of the Company.
8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.
9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred.
10. Additional Stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified.
11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.
12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.
The Directors, in soliciting patronage for the *Empire Insurance Company*, do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses; laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.
For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

NEW YORK
MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.
THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled.
Men are literally binding themselves together to bear one another's burdens. No kind of Insurance can be so generally useful as that of Health; for most people are dependent upon it as the capital which enables them to procure the means of livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and pauperism, is the consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

A TALE OF MID-AIR, OR THE MOUNTAINEER'S PERIL

In a cottage in the valley of Salanches, near the foot of Mont Blanc lived old Bernard and his three sons. One morning he lay in bed sick and burning with fever, watched anxiously for the return of his son, Jehan, who had gone to fetch a physician. At length a horse's tread was heard and soon afterwards the doctor entered. He examined the patient closely, felt his pulse looked at his tongue and then said, patting the old man's cheek—"It will be nothing my friend—nothing." But he made a sign to the three lads, who, open-mouthed and anxious, stood grouped around the bed. All our withdrew to a distant corner, the doctor shook his head thrust out his lower lip, and said—"It's a serious attack—very serious—of fever. He is now in the height of the fit, and as soon as it abates he must have sulphate of quinine."

"What is that doctor?"

"Quinine, my friend, is a very expensive medicine, but you may procure it at Salanches. Between the two fits your father must take at least three francs worth. I will write the prescription. You can read, Guillaume?"

"Yes, doctor."

"And you will see that he takes it."

"Certainly."

When the physician was gone, Guillaume Pierre and Jehan looked at each other in silent perplexity. Their whole stock of money consisted of a franc and a half and yet the medicine must be procured immediately.

"Listen," said Pierre. "I know a method of getting from the mountain before night, three or four five franc pieces."

"From the mountain?"

"I have discovered an eagle's nest in a cleft of a frightful precipice. There is a gentleman at Salanches who would gladly purchase the eaglets, and nothing made me hesitate but the terrible risk of taking them; but that's nothing when our father's life is concerned. We may have them now in two hours."

"I will rob the nest," said Guillaume.

"No, no, let me," said Jehan, "I am the youngest and lightest."

"I have the best right to venture," said Pierre, "as it was I who discovered it."

"Come," said Pierre, "let us decide by drawing lots. Write three numbers Guillaume, put them into my hat, and whoever draws number one shall try the venture."

Guillaume blackened the end of a wooden splinter in the fire, tore an old card into three pieces, wrote on them one, two, three, and threw them into the hat.

How the three hearts beat! Old Bernard lay shivering in the cold fit, and each of his sons longed to risk his own life to save that of his father.

The lot fell on Pierre, who had discovered the [illegible]. He embraced the sick man.

"[illegible] shall not be long absent father," he said, "[illegible] is needful for us to go together."

"What are you going to do?"

"We will tell you as soon as we come back."

Guillaume took down from the wall an old sabre, which had belonged to Bernard when he was a soldier, Jehan sought a thick cord [illegible] mountaineers use when cutting down trees, and Pierre went towards an old wooden [illegible] erected near the cottage and knelt before it [illegible] minutes in fervent prayer.

[illegible] set out together, and soon reached the brink of the precipice. The danger consisted not [illegible] in the possibility of falling several hundred [illegible] still more in the probable aggression of the birds of prey inhabiting the wild abyss.

Pierre, who was to brave these perils, was a fine athletic young man of twenty-two. Having measured with his eye the distance he would have to descend, his brothers fastened the cord around his waist, and began to let him down. Holding the sabre in his hand, he safely reached the nook that contained the nest. In it were four eaglets of a light yellowish brown color. His heart beat with joy at the sight of them. He grasped the nest firmly in his hand, and shouted joyfully to his brothers—"I have them! Draw me up."

Already the first upward pull was given to the cord, when Pierre felt himself attacked by two enormous eagles whose furious cries proved them to be the parents of the nestlings.

"Courage, brother! defend thyself! Don't fear!"

Pierre pressed the nest to his bosom and with his right hand made the sabre play around his head. Then began a terrible combat. The eagles attacked, the little ones cried shrilly, the mountaineers shouted and brandished his sword. He slashed the birds with its blade which flashed like lightning, and only rendered them still more enraged. He struck the rock, and sent forth a shower of sparks.

Suddenly he felt a jerk given to the cord that sustained him. Looking up he perceived that in his evolutions he had cut it with his sabre, and that half the strands were severed!

Pierre's eye dilated wildly, remained for a moment immovable, and then closed with horror. A cold shudder passed through his veins, and he thought of letting go both the nest and the sabre.

At that moment one of the eagles pounced on his head and tried to tear his face. The Savoyard made a last effort, and defended himself bravely. He thought of his old father and took courage.

Upwards, still upwards, mounted the cord. Friendly voices eagerly uttered words of encouragement and triumph; but Pierre could not reply to them. When he reached the brink of the precipice, still clasping fast the nest, his hair, which an hour before had been as black as a raven's wing, was become so completely white that Guillaume and Jehan could scarcely recognize him.

What did that signify? the eaglets were of the rarest and most valuable species. That same afternoon they were carried to the village and sold. Old Bernard had the medicine, and every needful comfort beside; and the doctor in a few days pronounced him convalescent.

Jenny Lind and Otto Goldschmidt.

Otto Goldschmidt's marriage with Jenny Lind was [illegible] a very natural affair—the world had imagined [illegible] to be celestial from the divine character of Jenny, most likely. He married Jenny and Jenny married Otto after the usual manner—it [illegible] between two contracting parties having the necessary mental capacity to enter into the contract, and it was induced at least by some of the usual concomitants of contracts—it [illegible] the consideration at all events of a last Will and Testament—natural affection. On her part it [illegible] return for obligations conferred by Otto and Otto's father besides sundry other causes "moving thereunto"; and on his side he seems to have made a kind of draft on his God mother which was accepted and paid in promises of love, honor and obedience. Thousands of persons have committed matrimony and passed along the world [illegible] as the lawyers say "under bonds," and we do not see that Otto Goldschmidt and Jenny have made out a different one at all.

Mr Goldschmidt is the favorite son of one of the richest merchants in Hamburg, Germany—His grandfather is proprietor of a gigantic Silk [illegible] House that has three establishments, one in London, a second in Hamburg and the third in Leipzig. Otto Goldschmidt was therefore Jenny Lind's equal in wealth, needed none of her money, and cared not a pin for it. Many years ago when the Swedish Nightingale was [illegible] without friends or money, Otto's father, (being as gracious as he [illegible] rich, and as benevolent as he was [illegible]) protected, aided and fostered her, and [illegible] that the merry young Otto, who was [illegible] little fellow, soul full of genius and [illegible] fault, said many kind things to the [illegible] and talented Swede, was caressed by her in return, and learned to love her so well when a [illegible] that he could not overcome his affection [illegible] he became a man, and so of course it overcame him. He was Mendelssohn's favorite pupil, and early exhibited remarkable musical talents, and the fair Swede doubtless felt the interest and affection for the splendid boy that the child of genius ever feels for beings of like exquisite organizations and heaven gifted attributes. [illegible] who knows the human heart will [illegible] that it is strange after reading this far, that Jenny Lind should have loved Otto, and each [illegible] the other; it is not wonderful that they should have been married. It is only wonderful that they were not married before.—[illegible] *[illegible] World!*

☞ Some few weeks ago I strolled into a [illegible] counting room. He being absent, I commenced a chat with his clerk, when a good looking [illegible] person entered, doffed his castor and—

"Mas' Bob, can you lend me a quarter this arternoon and I pay him sartain?"

Mas' Bob applied his dexter to his vest pocket.

"[illegible] no sign," I returned.

"Well Buck you look tolerably honest, but as I don't know you, if you give me security, I'll lend you the quarter."

His eye brightened as he asked—

"Mas' Bob will go my s'curity?"

"Yes," replied Bob.

I forked over. Some time afterwards wending those ways as I was about to enter the office, the identical Buck stood before me.

"Buck, where's my quarter? You didn't pay me as you promised."

"No, sah! but I gib you s'curity."

"Well I want you to pay it—I lent you the quarter."

"Dat's true sah! but it am de custom down here to 'haust de s'curity fust."

I left!—*Spirit of the Times*

ACCIDENT.—On Monday last, Mr Robert L [illegible] was thrown from the seat of a wagon and in his fall had his left arm broken. The accident occurred near Hall's tavern between this place and Milwaukee. He was compelled to ride [illegible] 7 miles before it could be set. It will be remembered that about 13 months since Mr Edwards had a leg broken in a similar manner on his return from Milwaukee. And this, his first repetition of the trip, has brought a repetition of the accident.—*Fond du Lac Jour*

Milwaukee Daily Sentinel.

MONDAY MORNING, JUNE 14, 1852.

Rufus King, Wm H Watson & John S Fillmore
PROPRIETORS
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

FROM OUR NEW YORK CORRESPONDENT.

New York, Monday, June 7 1852.

I have read with great pleasure the account given by the Sentinel of the celebration of the *May Fest* on the 31st ult in Milwaukee. It is one of the customs of *Old* [illegible] that I am delighted to see translated into our young country—one, in the heartiness and simplicity of which, and in its truthfulness to nature, the heart of Humanity, everywhere, may sympathize. What more natural indeed or more beautiful, after the annual death of nature, and its resurrection in the Spring—when the earth renews her blossoms, and the birds resume their song—than that man, the lord of the Creation should testify his joy at the return of the season of Hope and of Promise—of the blessed season which sends its thrill through the heart of age and of youth—consoling the disappointments it may be, of the one—gilding, with loves of Heaven the longings and anticipations of the other. All Hail! the May! then, I repeat from our sea girt isle to your lake-washed shores. All Hail! and may the propitious spirit of such celebrations, harmonizing and blending into one contented, peaceful and prosperous unity the various races which people that shore—lead you on far and long to happiness and to harmonious common efforts for the common weal.

We Americans are too solemn—too grave as a people—too pains taking and care worn. We make life too much a toil and a strife—stopping never in the race to admire the beauty of the prospect nor to pluck the flowers that cluster along our path—but rushing onward, with earnest mien and railway speed to the goal proposed. An observant eye, which has seen many countries and the men of many countries—can pick out, anywhere almost and from any number—the American man—by his distinctive physiognomy—of which an expression of care and anxiety may be said to be the marking peculiarity. It is therefore a pleasant thing, to see the more joyous customs of some of our European progenitors introduced among us—to be naturalized I hope, as readily and take root as successfully, as the great German race which is forwarding this May festival. It is good to laugh and to play, at times, the burdens of life—and for all it has burdens—are thereby lightened, or at least the heart is braced, and the spirits strengthened to bear them, by these alternations of frolic. All Hail! then, to the May.

The great Democratic party held its Saturnalia—not its Maying—at Baltimore just as you in Milwaukee were holding your Spring festival—and a pretty result they came to. The Baltimore *Slaughter-House* was never so reckless before—*Old Fogyism* and *Young America*, alike fell there. The unknown and the obscurity carried the day. One moral, however is to be drawn from this result, which cannot but be improving. They who were eager to *pledge* themselves to any extreme demand of exclusive party agents—have perished one and all! The Northern doughfaces, Cass Buchanan, Douglass &c—for whose conscience no demands of the Slave power had any revolting proposition—are dropped one and all dropped irrecoverably—while Gen Pearce, who refused to answer, or at least did not answer the Virginia interrogatories—is triumphantly nominated. A death blow this—one may hope—to pledged candidates. Of the nominee, Mr Pierce, the most noticeable circumstance is that when selected by Jas K Polk, to be a Brigadier General in the Mexican War—having never been anything of a soldier or at all addicted to military pursuits—he had the good sense—after trying his hand at the business and really behaving well as to personal conduct and character and effort—to resign his commission, with the declaration that a civilian past the meridian of life was not fit to be made a general officer—and as he found his military career wholly incompatible with his former pursuits and habits—he had the manliness to say so at once, and to return from a service where he could not do justice to his country nor to himself. In what honorable conduct does such a course stand, to that of the renowned *Pillow*—who, taken like Pearce, from the bar, to bear the truncheon of military command—at once fancied himself a soldier—not doubting apparently that the *fiat* of Polk in granting him a Commission as Major-General could impart at the same time the sense the discretion and the knowledge which so high a command requires. Gen Pearce tried to discharge the duties of his command and did so as far as his knowledge would allow—but finding that deficient resigned. Pillow tried too—but after that most egregious mistake in field works—which will immortalize his name as long as ditches are dug—he did not resign—but claims actually claims—real merit and achievement as a soldier.

But enough of this. *Winfield Scott* will be the opposing Candidate and if the people of these United States with the opportunity and choice between him and Mr Pearce shall elect the latter—they will make as it seems to us, about as great a mistake in politics as Gen Pillow did in fortification when he placed the breast-work on the wrong side of the ditch! But happily the American people are not by a long sight all *Pillows*!

OUT OF THE [illegible].—We rejoice to be able to inform our Democratic friends that peace is at length established between our lately belligerent cotemporaries the *Wisconsin* and *News*. The former on Friday evening after charging the *News* with preferring "so small light and questionable a democrat as *Dickinson*, to Gen Pierce for the Presidency"—and with discarding one of Gen Jackson's doctrines—and calling the *News'* articles the "graspings of a Sir Oracle"—proffers the olive branch as follows:

> We have now done with the Morning News unless it *commences* another assault on this journal which seeks no quarrel but which is always prepared to meet insolence and assumption come from whatever quarter it may.

To which offer kindly made the *News* of Saturday morning replies as kindly.

THE BETTER PART OF VALOR.—The *Wisconsin* last evening gave notice of its retreat from the field satisfied no doubt that its "insolence and assumption" had been properly punished. The space devoted to such controversies will be more profitably occupied in its columns with anecdotes and miscellany interesting to families.

Mr Pierce in Charleston.

Charleston, June 6.

The nomination of Pierce was received with great surprise, and many inquire "who is he?" Despatches from prominent Southern delegates vouch for Pierce being acceptable to the South and he will consequently receive the vote of the Palmetto State.

That candidate must be highly acceptable to the free North, who pleases South Carolina. A man may be a fair candidate for the north and still be agreeable to any and all other Southern States, but it looks suspicious to see South Carolina loud in his favor.

THE MAINE DELEGATION.—A few days since, in answer to the *Wisconsin's* demand for our authority for stating that Hon Geo Evans was for Scott, we gave a despatch to that effect, and stated that Messrs EVANS and FESSENDEN were chosen by a vote of more than two to one. We notice by the proceedings published in the Portland *Advertiser* that 518 votes were cast at the Convention, of which Evans had 333, Fessenden, 177 and Pickering 8—all three having declared themselves for WINFIELD SCOTT. Mr Evans was declared elected, and on the next ballot Mr FESSENDEN was unanimously chosen as the other State Delegate.

RAILROAD MATTERS.—Some of our Madison friends are in great distress on account of the prospective "tapping" of the Milwaukee and Mississippi Railroad at Janesville, and make a great ado about it.

Well! well! If it is any comfort to them to grumble and scold and indulge in unworthy suspicions, we wouldn't put a straw in their way.—Meantime the road goes right along towards them, in spite of their working against it.

Newspaper Changes at Madison.

There has been a complete revolution at Madison in the newspaper business, and we get now two papers instead of four.

The two Whig presses, the *Express* and *Statesman*, have been merged into one, bearing the name of the *Wisconsin State Palladium*, having for proprietors Messrs ATWOOD, [illegible] & LECK. We clip the following from the salutatory of the *Palladium*:—

> The fact that two whig papers have been published at this place, has been a matter of deep regret to a large number of our whig friends for a long time. The causes that led to the establishment of the second and continuation of the two up to this time are generally unknown to the community, and it is entirely unnecessary to explain them now. Suffice it to say that all differences, personal or otherwise that induced such a state of things have been settled in an amicable and satisfactory manner and will never hereafter be allowed to embarrass or distract the party with reference to their paper at the Capital.

The settlement of these troubles will be learned with pleasure throughout the State and we cordially congratulate the proprietors upon it and welcome the *Palladium* to our list and shall be glad to labor with them for the good cause and the nominees of the coming Whig Convention.

The *Argus* and *Democrat*, too have been united and will appear under the name of the *Argus and Democrat*. Mr TENNEY, of the *Argus* having already sold out his interest to Mr CARPENTER with a view to a retirement from editorial life.

Mr TENNEY gives the following reasons for the movement on his part:—

> I connected myself with this paper at a time when the avowed policies and policy of the democratic party of the Territory coincided entirely with my individual opinions. No democrat at that period, questioned the principle of free trade, opposition to banks and chartered monopolies, a hard money currency, or any of the essential doctrines of the administration of Jackson and Jefferson—nor did any of the State Conventions until the last hesitate to avow them in their fullest extent. In the progress of things however these leading, and in my view essential party principles seem to be wholly or partially dropped, and the issues in the state between the two great parties, narrowed down rather to men and questions of expediency, than the important and radical principles which have hitherto divided them. As I have not been able to change with the current, and the advocacy of former [illegible] doctrines might at this time lead to division, I have for several months past ceased to devote much time to the editorial department of the paper, and contemplated a withdrawal from the position as the best means of securing the harmony of the party.

We are sorry to lose Mr T[illegible] from the editorial corps. "Hard-shell democrat" as he is, and as the above shows him to be, our intercourse has always been pleasant. Our good wishes go with him.

THE MAILS.—The Chicago *Journal* copies an article relative to the mails and the attempt which our Postmaster, in behalf of the citizens is about making to have the Milwaukee office designated as a distributing office, and says:

> We never could discover what claims the locality of Milwaukee had to be made a point of distribution for the mails, otherwise, the mission of Mr Merrill to Washington is a very laudable one.

We don't think it of any particular consequence whether the *Journal* discovers our claim or not although we have not a shade of doubt that it would be very speedily discovered if the editor lived here, and suffered by the delays incident upon distribution at Chicago as we do here. We heard of a man once who made a fortune by minding his own business.

Sub-Treasury.

"*Is it possible?*"—Was the exclamation of a bitter Whig the other day, when informed that one of his bugbears the *Sub Treasury* actually was the law of land, and had been for the last five years. Many remember distinctly the terrific colors in which this measure was held up to public gaze in 1840. Ruin in multifarious shapes was seen to follow in its wake! But now it has been in operation for years and so quiet has been its operation that sleepy whigs have altogether forgotten the circumstance of its passage in 1846.—*Madison Democrat*

Doubtless the *Democrat* is ignorant of the fact that nobody, for the last 8 years has pretended to deny the law. It is utterly impracticable to carry it out and the law makers know it. "A very quiet operation" that!

THE MINNESOTA LAKE.—The St Anthony *Express* gives the following account of the discovery of the extensive Lake in that territory.

> Calvin A Tuttle and John H Stevens, two of the oldest and most reliable settlers in Minnesota together with several others including the writer hereof, spent some two weeks ago the days in the exploration of this Lake. They found it to be from 30 to 40 miles in length, and full fifteen miles in width—containing an area of 150 square miles. They also found numerous Islands in this Lake, many of which they visited and one in particular that will be found on survey to measure full three thousand acres. The explorers further more found the Lake to contain an innumerable quantity of fish, and to be the resort of myriads of wild fowl countless as the sands on the sea shore. They found moreover a splendid belt of timber skirting the borders of the Lake to the width of from three to five miles, rich in every variety of hard-wood.

THE PRESIDENCY.—The Kenosha *Telegraph* rather inclined to free soil principles and generally speaking its opinions frankly says concerning the nomination of Mr Pierce:

> In the Convention Gen Dodge received a majority of the votes of this State. We have no hesitation in saying that if the old General had received the nomination he would also have been elected as it is, nobody now expects that Pierce will be if Scott is nominated by the Whigs—not even the veriest toadies of the hunker editors in this or any State. They will overflow with "gas," cheers and hurrah's for their candidate from now till the ides of November shall be past, and that will be the end of them.

ENGLISH STEAMERS.—It is announced that the English West Indian Mail Company will in August, commence running one of their steamships between Savannah and Chagres to change at Jamaica, Jaragua and Nassau.

A company with a capital of £500,000 or two and a half millions of dollars has just been started in London entitled the London and New York Screw Steamship company, the object of which is to establish a line of British Steamers (screw propellers) between the Thames and New York, touching at Cork—at the latter port securing the conveyance of Irish passengers and freight. These ships will prove formidable competitors to the American lines. It is thought they will also call at Southampton. The parties connected with this extensive project, are of a highly influential character.

HOW WAS THIS?—The Chicago *Democrat*, which paper takes particular charge of the Wisconsin democracy, says with regard to the action of the delegates of the late Baltimore Convention:

> There were three votes given by the Wisconsin delegation for Gen Dodge, of Wisconsin during the first eight ballotings. They were given by Noggle, Hobart and Bryan. The other two Wisconsin delegates, Dewey and Delaney labored incessantly to keep delegates from other States from voting for Dodge.

Our private opinion is that the *Democrat* is partly mistaken as to the votes of the delegate.

☞ We should judge from a paragraph in the *Sentinel* of yesterday, that the editor is looking forward to some office under a whig Administration—if elected during the present Presidential canvass.—*Wisconsin 12th*

No—unfortunately we have no reward to claim for "favorable allusions to probabilities."

JUDICIAL CONVENTIONS.—The "Democratic" State Central Committee has called a Convention, to consist of one delegate from each Assembly district to meet at Madison on the 4th of August next, to nominate candidates for Judge of the Supreme Court. The "Democracy" of the 5th District hold a Convention on the 30th of June to nominate a candidate for Judge of the district.

MINERAL PT RAILROAD.—The citizens of Mineral Pt, held a meeting on the 5th to make arrangements for a general meeting of the friends of the project for a railroad connection between that place and some point on the Galena and Chicago Railroad. A committee was appointed to make the preparations and obtain speakers.

Improvement of Rivers and Harbors.

The following is reported in the appropriation bill now before Congress for the improvement of certain Harbors and Rivers.

Of course as there is a strong Loco Foco majority in both Houses of Congress, "circumstances will not permit" the passage of the bill. If the people around the Lakes want Harbors, they must have a Whig Congress or build them themselves. It will be noticed that our city is set down for $25,000, Kenosha for $10 000, and Racine for nothing. Reports have reached us that $10 000 has been taken from the proposed appropriation to Milwaukee harbor, and set over to Racine, and moreover the appropriation of this place is said to be for the *present* harbor. It would be well enough, and sensible, to keep that in navigable order, but our citizens may just as well begin now as at any future time to think over the absolute necessity of their taking hold of the matter with their own strong arms and building a harbor at the straight cut.

THE RING OF THE TRUE METAL.—The Burlington *Free Press* speaks thus eloquently for the Whigs of Vermont:

> Vermont Whigs plant themselves on the Constitution and the Union and, faithful and among the faithless, there and there. They always give the State to the Whig Candidate, and, whoever he may be they will do it now. But give them Winfield Scott, the invincible soldier and the equally invincible Peace-maker—the man who they know, prizes far less his triumphs of War than the triumphs of Peace—the pacific Negotiator and the unconquerable Warrior—and the watch-fires on the summits of the Green Mountains will illuminate every valley and sparkle upon every cliff, in this wide Union. They are ready to take him without promises or pledges—on the simple, naked strength of his developed character and principles. They would not disgrace themselves by seeming to distrust the *nationality* of such a man as Winfield Scott. He has spent his whole life right before them—they are witnesses for him and do not ask him to "qualify." They well know that, by foes in front or rear he has never been defeated. They know that he loves Vermont as well as he does South Carolina and South Carolina as well as he loves Vermont and that is all they ask of him as the Administrator of the Government of the Country.

THE NOMINATION.—The Elkhorn *Star* free soil expresses a good deal of pleasure at the supposed action of the late Baltimore Convention, in postponing indefinitely the finality question.—Further the *Star* says:—

> We like the idea of leaving off those who to cater to Southern tastes had pledged themselves in advance, that if elected they would veto any bill for the repeal or modification of the fugitive slave law. We like the idea of once more having a candidate in a northern state and think we would as soon have our grown on granite as among cotton stalls and nursed by slaves. So far then we are suited. But the whole matter is not yet before us, and we do not propose to commit ourselves until we can see the whole programme of the campaign before us. Then if we can see any work to be done that suits us, we shall roll up our sleeves and go at it; if not we will take a position between the contending armies and "fight on our own hook."

MARQUETTE COUNTY SEAT.—The Berlin *Mercury* says that Dartford is ahead about 140 votes as far as heard from and thinks there is little doubt that that town has the majority. Berlin cast 409 votes all but 2 for Dartford. About 2000 votes were polled in the county.

Whig Sentiment in California.

(Correspondence of the N Y Tribune.)

SACRAMENTO CITY, Saturday April 17, 1852.

You will perceive by the papers that the Whigs have made a clean sweep at the Charter Election in this city. I believe this state is strongly whig and would have been so at last fall's election had it not been for the quarrel between T B King and Judge Crane.

Let Scott be nominated and this State will give him her vote by a large majority; but with Webster or Fillmore as the nominee we are surely beaten without a struggle.

Yours. K H D

THE PRESIDENTIAL SURPRISE.—The nomination of Gen Pierce was so unlooked for, that we do not find his name in any of the eastern journals as among the possibilities of being selected—even to the fourth day of the convention.—*Wisconsin*

And what is more funny, is that those who had their articles already prepared to puff the lucky candidate, did not know the name of the distinguished general, and so filled the blank with the wrong name—and afterwards apologised for the mistake.

Well the man must be swallowed anyhow—whether he is the representative of their principles or not. Choke and swallow.—*Kenosha Telegraph*

☞ The remains of Mr Spalding who was killed by the late accident on the Southern Railroad were brought to this city and interred by his brother Odd Fellows on Sunday last. The murderer—for he is nothing less—who changed the switch by which the locomotive was thrown from the track has been arrested. We are informed that his intention was to have killed an engineer named King but Mr K having scalded his hands Mr Spalding volunteered to run the engine in his place, and thus met the fate intended for another.—*Detroit Free Press*.

City Matters.

FOURTH OF JULY.

The meeting of the Committee of Arrangements, which was called for Saturday evening was adjourned to this (Monday) evening. Accordingly the committee and delegates from Companies and Societies will meet this evening at the Common Council Room at 7½ o'clock. A prompt and full attendance is hoped for, as business of much importance to the object in view will come before the Committee.

MILWAUKEE NORMAL INSTITUTE.—*Laying of the Corner Stone.*—Such of our citizens as find themselves occasionally walking towards the upper end of Milwaukee st may have noticed at the corner of Division st a large building going up wards from its foundations, and with such abutments and of such extent as to make it evident that it is intended for something more than a dwelling house. Such an edifice is rapidly going up at that place and the Trustees of the Female Normal Institute, have thus shown that they are in earnest in their work. The basement is built up and the south wing raised another story. The corner stone is to be formally laid, with appropriate ceremonies, on Wednesday next and an address will be delivered by Rev Dr HUMPHREY, late of Amherst College. We hope that there will be a [illegible] attendance at the ground, showing the interest felt by our citizens in the enterprise.

And still further we hope that all who are interested in the progress of education and the real welfare of our city and who have means to spare will lend a liberal hand and aid in securing the early completion of the building and the permanent establishment of the Institute.

☞ The *Arctic* and *Golden Gate* left on Saturday morning at 8 o'clock, against a strong south east wind, both with good loads of passengers.—The competition between the two and the novelty of having opposition boats running at the same hours bring down quite a crowd to the piers to see them fairly off. The boats make remarkably good time too, though we can't see why there should be a struggle between them since the sooner passengers get to Chicago the longer they are obliged to delay there. Nothing is gained by such haste. As to repetition the public has no doubt that either of the boats can beat the lightning and give it the inside track.

MEMBERS OF THE YOUNG MEN'S ASSOCIATION are requested to return all books in their possession belonging to the Library, before Wednesday June 16th. No books will be given out until Saturday evening June 19th. The Library committee are preparing a new catalogue.

THE CIRCUIT COURT.—This Court closes its session to day. A large amount of business has been transacted, especially of criminal business. And in this branch of the administration of justice both from what we have seen and heard, we think there is general satisfaction with the able and impartial manner in which Judge Hubbell has discharged the duties of his office.—*Free Dem*

HIGH WATER.—Under the influence of the prevailing South East wind the water in the river rose on Saturday to an unprecedented height.—It is noticed that the sewers laid down a year or two since in the 3d Ward, only seem now to conduct the water from the river to lots which it would not otherwise reach.

RATIFICATION MEETING.—The "Democracy" turned out in large numbers at Market hall on Saturday evening to have a glorification over the nomination of their candidates for President and Vice President. They go into the canvass with a determination to win—if they can. Unfortunately for them they are not likely to have it all their own way.

FOR BUFFALO.—The steamer *Hendrik Hudson* Capt GOLDSMITH, leaves for Buffalo this evening.

WOOL—PROTECTION.

We noticed the past few days several lots of wool in our market. This indicates that the wool trade, one of great and growing importance to the farmers of Michigan, is about to commence. All will feel interested in knowing the prospect as to its probable price. It is our opinion that wool must necessarily be lower the present season than last. The opinion is founded upon transactions in eastern markets and the relative price it must bear here. The supply of last years clip is not yet exhausted and consequently the demand cannot be as ready as though it were gone. Indeed it is a notable fact that the capabilities to consume the supply have been on a constant decrease, the past year. Add to the immense importations of foreign cloths and the prospect of fair prices as to our farmers anything but flattering. The price of domestic wool has not advanced in the manufacturing market, beyond the price paid last fall while imported wool has in most varieties materially declined. The quantity manufactured has also astonishingly decreased, and is far to be further curtailed.—The reasons for this state of things are obvious to every reflecting man. So long as American farmers refuse to protect our home manufacture and allow foreigners, through low tariffs and ad valorem duties to glut our markets their wool must be retained at home, or disposed of at prices merely nominal. By decreasing the means for manufacturing our market is cut off and we are left to depend upon a foreign supply. To procure this we are necessitated to pay to English manufacturers hundreds of millions of dollars annually. Wool has never, in any quantities been exported from this country to England. The continent furnishes us a better article at a less price. True we export some produce, but that is a mere moiety of the vast surplus we annually raise. The enormous freightage we are obliged to pay in transporting our imports from and our exports to that country more than absorb this source of pay.

Now what must the result of this system of commercial intercourse lead us to. It cannot fail in a short time to leave us completely bankrupt, the victims of a self imposed calamity, the mere appanage of a foreign nation. It is a fact already startling many of our business men that the supply of circulating medium is already reduced below the actual necessities of the country and legislators are scheming over plans to "prevent the exportation of specie." They well know that it is useless for the farmer to raise a crop so long as it is unsaleable, and they also realize the fact that the present extravagant importations of goods and the consequent exportation of specie, is fast diminishing the possibility of paying a living price to the farmer for either his wool or grain. To put a stop to this mode of impoverishing us nationally and individually, there remains but one expedient. We must protect ourselves. This is our only hope. To manufacture for ourselves would be to furnish a ready and profitable market for the wool grower and stock dealer. To supply with food the operative and mechanic would furnish the farmer ready and cash markets for his proportions. The mechanic and artizan would find new avenues of employment opening constantly, and the salutary effect of a self-sustaining policy be felt throughout the nation. The time is fast approaching when our farmers our laborers and our mechanics must say whether they must sanction a protective policy, and reap the advantages of an increased demand for labor full and fair prices for grains and other products a ready and free currency and a general prosperity, or whether the present exhausting enervating impoverishing free trade system shall be allowed, as in '37 and after years, to plunge us into pecuniary embarrassment, bankruptcy and disgrace. Choose ye, which ye will have.—*Jackson Citizen*

Railroad Meeting at Janesville

JANESVILLE, June 12—8 A M

The American Hall was filled to overflowing last evening by our citizens, to listen to speeches advocating the necessity and the expediency of the early extension of the Milwaukee and Mississippi Railroad to Janesville. Jno P Dickson Esq, was called to the Chair and Chas. Holt Esq elected Secretary.

J W Budd Esq was called upon and responded in one of the most candid and effective speeches we ever listened to. He urged the building of the Road as not only favorably affecting the business of Janesville, but as a matter of profit to shareholders, and avowed his belief that it was the most profitable investment that could possible to be made. At the close of his speech he pledged his name for $1000 of stock, which announcement was received with great applause.

Messrs Tompkins Hodson and W L Mitchell followed earnestly urging prompt action to secure the earliest completion of the Road. A large amount of stock was at once pledged, and it is confidently believed that the amount required will soon be subscribed.

ARRIVAL OF THE

AMERICA.

Halifax June 8

The America arrived here at 2½ P. M. to-day, having left Liverpool, at 3 P M, on Saturday May 29th. She brings 87 passengers.

Among the passengers arrived here by the America were the Hon Mr Hicks, of Canada, and Mr Chandler of New Brunswick, the railroad delegates of the British government. We learn from them that the imperial government has refused aid to the valley of St John's Railroad on military grounds, and that the delegates, as an offset, have received the most advantageous offers, from eminent English capitalist and contractors, for the construction of the European line from Halifax to the Maine frontier and from Quebec to Hamilton in Upper Canada.

Later advices from India state the British forces had taken Ragoon, and captured 150 cannon.

LIVERPOOL MARKET

Liverpool, May 29

Commercial advices from Continental Europe are favorable. Trade in Paris was active.

Money continues abundant, and consols for account closed at par.

Breadstuffs—Wheat in fair demand, without reduction in prices. In flour there is but little doing, at the current rates of last week.

There is a good demand for Indian corn at 1 1-6 advance over last week's rates.

The market closed with an upward tendency. The stock of American flour and grain is low, and comparatively light. Western Canal flour is quoted at 20s·21s. Yellow corn, 31s 6d, white 3s. Lard at 51s.

Provisions—Sales of Beef for the week, foot up 3000 tierces at a further advanced of 5-a10. Stock limited.

Pork has also advanced 5s per bbl with an upward tendency.

Lard—There is little on hand, no quotable change. Cheese—There is no demand. Tallow—Slightly declined.

ENGLAND.—In Parliment the Maynooth endowment grant was again debated and adjourned.—The militia bill has been ordered to be read a third time on Monday week. The patent law amendment was passed to a second reading; this bill proposed to reduce the expenses of patents from £260 to £25 and to make one registration serve for England, Ireland and Scotland.

Large quantities of gold continue to be received from the Australian placers. The Himalaya and Sarah Ann from Port Philip brought 41,000 ounces valued at £140,000, neither of them, however, brought later news. The second steamer of the line to Australian is to sail from Southampton on June 7th, calling at the Cape of Good Hope and Port Philip. Other steamships will follow semi-monthly.

Baltimore, Tuesday, June 8

The mail is through from New-Orleans. The steamer Yacht had arrived at that port, with Rio Bravo dates to the 26th ultimo. The intelligence from the Mexican frontiers is of an exciting character. On the 15th a gang of forty Mexicans and Indians attacked a party of Americans who were encamped on the American side and killed five of them. Several companies of riflemen had been raised on the American side, for the protection of the frontier. The Brownsville Flag gives the particulars of numerous other outrages, and says that no man's life is safe from the Mexican assassin. The steamer Camanche, whilst going up Rio Bravo was fired at twelve times by the Mexicans. Several passengers on board the boat were wounded and her passengers had drawn up a statement of the occurrence to be forwarded to the American authorities.

Carvajal, Col Wheat, and Capt Ford were at different points along the Rio Bravo, trying to raise volunteers but met with little success.

New York, June 9

The Webster meeting last evening was very well attended; much enthusiasm prevailed more so than at any of the previous meetings of the series. Addresses were delivered by Hiram Ketchum, James S Thayer, Recorder Tallmadge and others.

Mr Evarts who was also among the speakers related a conversation which took place last summer in N Hampshire in which Frank Pierce said that he hoped he would live to see the day when Daniel Webster should be elected President of the United States.

The U S brig Perry sailed from the Brooklyn Navy yard yesterday morning. Advices from Para report the exiles on board the French transport ship revolted when near Cayenna and took possession. She was attacked by two other ships and after a fight of six hours she was recaptured.

Death of a Son of Postmaster-General Hall.

Boston, June 8

Frederick A Hall, son of the Postmaster General, died at Andover Academy, of which he was a student yesterday. Mrs. Hall was present with her son at the time of his death, but his father, who had been sent for, did not arrive until afterwards. Mr and Mrs Hall passed through the city this morning with the body of their son *en route* for Buffalo.

Portland June 9

The special election held in the 4th District to to fill the seat of Chas. Andrews deceased, has resulted in the choice of Hon Isaac Reed, Whig, of Waldoboro, by 400 majority.

ROTHSCHILD THE HEAD OF ISRAEL.—The Paris correspondent of the Evangelist writes as follows:

"Strange news reaches us from Constantinople. I should not mention these rumors, if something similar had not been announced three years ago. I quote the reports without guarantying their truth. Syria has been ceded to M Rothschild for 500 millions of francs. It is not yet known whether he assumes the title of King or Pacha; it is certain that he proposes to rebuild Jerusalem and the Temple of Solomon; there are to be chapels for all religions, a line of steamers from Beyrout to Marseilles and a railway from Alexandria to Constantinople. The new estates of M Rothschild abound in iron ore and forests of valuable timber. It is said that M Rothschild will appeal to his co-religionists to return to the land of their fathers to possess the tents of Abraham and Jacob."

SUPPLY HOSE COMPANY MILWAUKEE.—This fine corps of good looking fellows, have been passing a day or two in this city as the guests of Hope Hose Company. They joined in the Firemen's parade yesterday and seem to enjoy their visit highly.—*Chicago Journal*

IMPORTANT DECISION—LIABILITY OF COMMON CARRIERS.—An action was brought by F F Dorr & Co against the New Jersey Steam Navigation Company, to recover the value of certain goods shipped by the plaintiffs on the ill-fated steamer Lexington, which was burned on the Sound. The defence relied upon the receipt given to the carman who brought the goods to the boat, in which it was stated that they were to be delivered to the consignee in Boston, "danger of fire and water, breakage, leakage, and all other accidents excepted." The court at the trial charged the jury that the defendants were liable to the full value of the goods, notwithstanding they had given such a receipt, and the jury brought in a verdict for the plaintiffs for $3,247 90. The case was taken to the Supreme court, and the N Y Tribune of the 24th instant states that the Supreme court that morning delivered an opinion sustaining the decision of the court below. Another point decided was, that they were liable for the full value of the goods, notwithstanding the receipt stated that "no package, if lost, injured or stolen was to be deemed of greater value than $200."

Receipts like the one in question are generally given now by carrying companies, but it seems the New York courts will hold them to their strict common law liabilities, in spite of all the shifts to which they may resort.

Graefenberg Medicines

HAVE YOU USED THEM?

AS popular medicines prepared carefully and scientifically, and adapted to the wants of the American public they have no superiors. They are emphatically what they are represented to be, *genuine* and free from *Humbug*, and made as much to *cure* as to *sell*. When once used they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health*. In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those generally opposed to the circulation of FAMILY MEDICINES. No *Family Physician* in ordinary cases, is needed by those who own the *Graefenberg Manual of Health*, and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company which may be found in every town in the State and throughout the Union.

THE GRAEFENBERG SARSAPARILLA is purely vegetable, no *big bottle* for *big* or pleasant drink, but *as it should be a Medicine* of the greatest power in promoting an entire change in the system by eradicating the impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect*. It has checked the ravages of *Cholera* in its last stages, and for bowel complaints has no equals.

THE GRAEFENBERG VEGETABLE PILLS are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters* are a certain and speedy cure for the Fever and Ague. The *Bitters* have shown [illegible] effect in invigorating a debilitated system.

THE GRAEFENBERG GREEN MOUNTAIN OINTMENT—for reducing inflammation, healing burns, bruises, and all injuries to the body we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION.—An unprecedented article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from nature or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON.—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific physicians. For Prospectus Lists and all complaints incident to *Females*, it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILDS PANACEA &c, are all invaluable remedies, directions for which and all the medicines are attached to each.

Graefenberg North-Western Agency, 23 Wisconsin Street Milwaukee.

P. C. HALL.

Medicines to be had in every town in the North West of his sub-agents.

BAKER'S BROMA.

BROMA is a combination of the Cocoa Nut with other ingredients, innocent, invigorating, and agreeable both to invalids and to persons in health.

To the Sick it affords a delicate and palatable beverage when other nourishment is disagreeable and little gratifying. As a diet for children it is invaluable.

KILL YOUR RATS! SLAY YOUR MICE!

Exterminate your Bugs!!

THE Celebrated RAT AND MICE EXTERMINATOR is the only article that has yet been discovered to effectually remove vermin.

The great objection to the ordinary poisons is, that although they destroy the Rats, still the unpleasant smell arising from the dead carcases, renders the "remedy worse than the disease."

The Exterminator from the chemical combination of its ingredients, destroys not by poisoning, but by an immediate EXPLOSION, destroying all the causes of effluvia with life. It has also the singular effect of creating such a PANIC, that in a short time no Rat, Mouse or Roach will be found harboring, near where it is used. Hotels, Boats and Out-Houses can be speedily freed from them by a few applications.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the Boston Daily Times, and various other newspapers in the United States, by James G Wilson, Esq., the owner of the Woodworth Patent, shortly after I had invented my PATENT STATIONARY CUTTER, PLANING, TONGUEING AND GROOVING MACHINE, throughout the United States.

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by [illegible] and others as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machine attempted to be palmed off on several persons ignorant of their true worth. I would state for the information of the inquirers, that it was not substantially the machine of our friend [illegible] pretending inventors, described in the [illegible]th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like model [illegible] country by one Kugler, some sixteen years since, and [illegible] put up by Albert Richards, of West Troy, N Y, and about one [illegible] about the same time. It ought [illegible] public to know that after fifty eight years experiment upon these machines, not one in use [illegible] of any value for the purposes contemplated.

I will turn the Stationary Knife Machine equal to any now in use for the [illegible] offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G WILSON
May 19 1849 Philadelphia."

I certify that no person ever saw or heard of such a machine as mine until I invented the same. Said machine was [illegible] the month of A[illegible] 18[illegible], and no machine before that could do so much work and do it as well as mine. [illegible] I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, tongue and groove with less power as much [illegible] and do it as well or better than TWO of the Woodworth machines. The trial to be [illegible] East Boston, Mass, or at such other place as may be convenient for such a trial.

Possesses great advantages over every other stove for plain [illegible] perfect application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The JUNO PARLOR is adapted to either wood or coal. It is decidedly the most ornamental stove ever offered to the public, having all the convenience of the stove combined with the beauty of the open grate. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us in the event of any of the plates getting broke can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

SALAMANDER SAFES.

WILDER'S PATENT AND RICH'S PATENT COMBINED.

$100,000 SAVED.

FIRE in Pearl Street and Fletcher Street, New York—Three Stores and their contents destroyed. Deeds before words!

RICH'S SAFES AGAIN!

ELEVEN SAFES of different makers consumed with their contents. The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire upon them!

MR. GILBERT'S LETTER.

THE FIRE IN FLETCHER AND PEARL STS. NEW YORK

New York, Dec 20 1851

Messrs STEARNS AND MARVIN, successors to C. Rich & Co. No 146 Water Street New York—Sirs, when the fire was consuming my place of Business No 210 Pearl street I was absent in Rensselaer County testing a new engine apparatus in connection with my Excelsior Thresher and did not read the account until I was [illegible] it was too late to save my books which were placed in one of your safes, purchased from Mr Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 10 hours before I was enabled to commence operations after which it required 4 hours of labor and application to raise the Salamander from its ashes bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen to find my books and papers saved and as legible as they were previous to the fire. The intense heat to which the safe was subjected can be conjectured from the condition of another safe (not a salamander) of which an iron skeleton frame only remained and not a vestige of a book. They were companions in the same place on the second floor from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. Had their positions been reversed not even the skeleton would have remained. My loss over the insurance is $1,000, yet the salvation of my books in your Salamander with the representatives of $1[illegible]000 and important documents which could not be replaced has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you and explain its merits at my present office, No 251 Pearl street, where I shall remain until the new building No 210 is erected.

Yours respectfully, JOSEPH C GILBERT

The undersigned invite country merchants and those interested in the preservation of their books from fire, (and particularly those having Rich's safe in use) to call at the depot 146 Water street New York to see the interior of Mr Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

from which the above cut was taken. By it we can take the exact shape and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away, as the Hats are made to fit perfectly the first time.

Another great advantage is by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat to call and leave an impression of their head, and all those who take pleasure in witnessing the inventions of the ingenious to call and see the operations of this curious instrument.

Packing, Flour and Whiskey

BARRELS,

and PIPES or HOGSHEADS at the rate of

600 Whiskey or 800 Flour Barrel Staves

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work from 22 inches to 72 inches in length, of any reasonable width and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters, and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate, whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how slight or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity, it arrests the most distressing pains in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane and vessel, it restores the secretion of every gland in the system, subduing the most excruciating paroxysms of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain stricken sufferer experiences the delightful sensation of departing pain. It [illegible] cured thousands of cases in the city of New York where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves to weaken and stop the nervous energy, to paralyze the functions of the nervous system and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS

Whenever you feel pain apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidneys, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED

[From the Boston Bee.]

The Editor said, Dec 22: Dr Hoofland's celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY

One of the best literary papers published, said, August 25:

"Dr. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find those Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says—"It is one of the best medicines of the age for Jaundice and Liver Complaint.

Neal's Gazette says — Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says — The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints.

The Daily News, July 24, says —"A Medicine"—We speak knowingly of Dr. Hoofland's celebrated German Bitters, which we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says — As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

A Word of Caution to the Public!

The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this infamous fraud. Many unprincipled persons, to deceive the public, and for the sake of gain have applied the name Pain Killer or something similar to their own compounds, such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c &c, all of which have been got up on the reputation of Perry Davis' Pain Killer.
